

Black Legal Action Centre

Suite 221 – 720 Spadina Avenue • Toronto • Ontario • M5S 2T9

Thank You to our Supporters!

BLAC is overwhelmed by the support we are receiving as our society continues to confront anti-Black racism and embraces the extraordinary movement taking place in Ontario and around the world. Support for our legal clinic has ranged from everyday Ontarians donating a few extra dollars of their hard-earned money, to small businesses, law firms, students and others hosting fundraising initiatives, to some of Canada's largest corporations offering significant financial support. We are deeply grateful for every donation we receive and are empowered by the broad support from the people of Ontario and the business community. It is clear that you share in our mission to build a more just society.

Equal access to justice is a critical and fundamental part of ensuring human rights are upheld in Ontario. The contributions we receive enable us to better serve and represent the most vulnerable members of the Black community, and help improve the laws that affect marginalized and low-income Ontarians. It is through these services that we can support the Black community in accessing justice and advance change in our society.

BLAC is driven by our commitment to challenge and eradicate anti-Black racism. We are building a society where anti-Black racism is meaningfully addressed, the humanity of Black people is engrained, the legal system is responsive to the needs of the community, and equality and the full participation of Black people is ever-present. BLAC extends a sincere and heartfelt thank you to each and every supporter. Your generous contributions allow us to continue working with those inside and outside of our community on our shared goal of tearing down the legacy of systemic racism.
